proves it.

Daily price: from 0,78 €

FitLine PowerCocktail Junior with stevia is a high-quality food supplement that can help children strengthen their immune system, increase their physical and mental performance and ensure their proper development. It provides your child with 17 essential vitamins and can help bone growth.

PREPARATION

Place 4 full spoons (7 g) in an empty glass, add 150 ml of water and stir until the powder is completely dissolved.

RECOMMENDED INTAKE

1 dose per day.

THE NUTRIENT TRANSPORT CONCEPT (NTC®)

Our products are manufactured with the exclusive Nutrient Delivery Concept (NTC®), which delivers nutrients exactly when they are needed and where they are needed – at the cellular level, inside and out.

BONE DEVELOPMENT

Children need calcium for normal growth and normal bone development.

STRONG TEETH

Vitamin D, calcium and magnesium contribute to the maintenance of normal teeth. Vitamin C contributes to normal collagen formation for the normal functioning of teeth.

ENERGY AND CONCENTRATION

Thiamin, riboflavin, biotin, niacin and pantothenic acid contribute to normal energy-producing metabolism. Thiamine contributes to the normal functioning of the nervous system and to normal psychological functioning.

HIGH QUALITY INGREDIENTS

FitLine PowerCocktail Junior contains a special combination of polyphenols from berries, fruits, vegetables, herbs and spices.
